

Building Your Leadership Model

Do You Need a Leadership Model?

- **What does it mean to be a leader in your organization?**
- **How are your expectations for leaders different than other organizations?**
- **How do you teach & reinforce your unique way of leadership at every level of your business?**

Building your Leadership Model gives you answers to these questions. A Leadership Model helps you define your business's expectations for leaders and create a pattern of ongoing reinforcement that brings your way of leadership to life.
